Art Muehler
of Ogden

12 July 1984

Sunday and Monday thunder and lightning added a greater patriotic spectacular and rain storm. Cooling things off a bit and greening the fields beautifully.

Mr. Art Muehler and wife Betty and family of Ogden have been visiting the Rolan Kalary family quite a bit lately. Betty is a sister of Pauline Kalary and are very helpful in helping Kalary's in landscaping their new yard. Art is the planner and landscape artist that planned the Wasatch State Park Golf Course and Visitors Center. He worked closely with Earl Kohler on the project and has high regard for Earl.
